

Puppet Theatre Assembly Instructions

(Registered Design 4002671) Please retain this document for future reference.

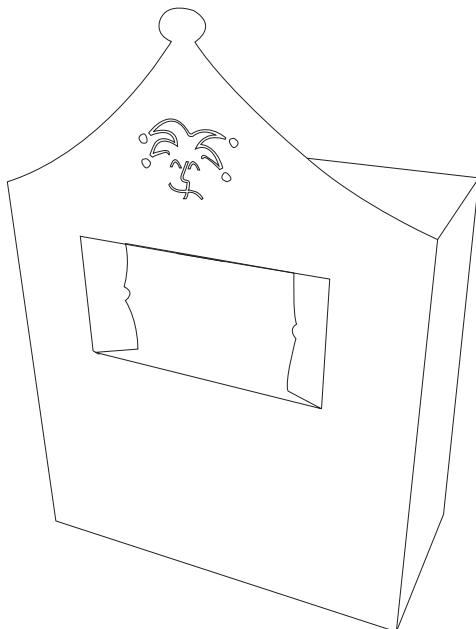

Please fold all creases well prior to assembly of toy and ensure all parts are securely connected.

Step 1

- Insert tabs (A1 & C1) on back of theatre into slots (B1 & D1) located on the front of the theatre.
- Bend smaller flaps on tabs (C1) up to lock theatre into place.

Assembled Puppet Theatre

The puppet theatre is designed primarily for indoor use but is also suitable for outdoor use in dry, calm conditions. The puppet theatre should be stored in a dry place and should be kept away from fire or any naked flame. The puppet theatre should be inspected regularly before, during and after use for any signs of damage, which could cause potential injury.

WARNING : This product should be kept out of the reach of very young children and only be used under the direct supervision of an adult.
